

M.Braun Terms & Conditions of Sale

Entire Agreement: These Terms and Conditions of Sale and any order acknowledgment issued by M.Braun, Inc. ("M.Braun") contain the entire and only agreement between the parties relating to the sale of goods by M.Braun to the customer.

Quotations for equipment manufactured by M.Braun, including pricing and delivery information, are valid for 30 days from the date of issuance unless otherwise noted on the quotation.

Purchase Orders submitted to M.Braun will be accepted in writing by M.Braun within fourteen days of receipt. The terms and conditions set forth herein take precedence over any additional or different terms and conditions propounded by the customer, in the customer's purchase order or otherwise, to which notice of objection is hereby given. Neither M.Braun's commencement of performance nor delivery of goods shall be deemed an acceptance of the customer's additional or different terms and conditions. None of the terms and conditions contained herein may be added to, modified, superseded or otherwise altered except in writing by a duly authorized representative of M.Braun. Once a customer purchase order is submitted, M.Braun recognizes a contract with the customer for goods to be supplied. Alteration or cancellation of the purchase order will result in additional charges, penalties or restocking fees to be determined by M.Braun based upon the specific circumstances presented by the alteration or cancellation. A typical cancellation will result in a 30% restocking charge.

Terms of payment for M.Braun equipment are net 30 days from date of shipment without exception unless specified in writing. Customers wishing to pay by Letter of Credit must alert M.Braun to this intent upon submission of the purchase order. M.Braun will furnish these L/C customers with additional terms and conditions specific to the issuance of L/C.

Delivery indicated on the quotation, in business days, is estimated from the date of receipt of the customer purchase order, pending receipt of complete information allowing M.Braun to proceed with the process of producing the specified equipment. Design alterations and approval requirements supercede previously indicated delivery information. Customer is responsible for all shipping and packaging material charges unless noted otherwise on the provided quotation. In certain locations and circumstances a shuttle truck may be necessary. The customer will incur all associated costs with a shuttle truck service. In the event that the shipping costs were included in the MBI quotation the customer will still remain responsible for the additional charges that are associated with said shuttle truck.

Taxes related to the sale of merchandise by M.Braun will be invoiced where applicable. The customer is responsible for advising M.Braun about any tax exemptions.

Limited Warranty is granted to all customers purchasing M.Braun equipment for one year from the receipt of merchandise, unless otherwise specified in writing including blowers, vacuum pumps, and compressors. Customers must perform the required preventative maintenance as described in the Operations Manual or the warranty becomes null and void, i.e., changing dust filters and oil in the vacuum pumps. Expendable items, such as filters, filter material, gloves, etc., are not covered by the M.Braun warranty. In addition to expendable items, additional equipment not covered by the M.Braun warranty includes any and all equipment M.Braun purchases from a third party such as chillers, spin coaters, vacuum pumps, evaporators, etc. Such equipment will carry the OEM's standard warranty.

The warranty implies that M.Braun will do everything appropriate within its power to rectify problems with defective equipment. M.Braun will repair or replace any part that is determined to be defective from the time it was received by the customer. In matters of components returned to M.Braun for warranty claims, shipping charges are to be paid by the customer.

Any component or system that is altered, modified or misused according to its set purpose will not be applicable under the terms of the M.Braun warranty. Warranty on custom systems will be voided unless installed by trained M.Braun personnel.

Revision Date: September 16th, 2015

Claims for shortage, damage or other purposes are to be made to M.Braun within 30 days of receipt or at the time of installation, whichever comes first. Claims for damages incurred in shipping are the responsibility of the customer, unless specified in writing. Customers are advised to scrutinize the equipment upon delivery and to note any sign of physical disturbance to the shipment. Claims for shipping related damages should be directed to the trucking company or the customer's shipping insurer. M.Braun will assist its customers with equipment damaged or rendered inoperable due to damage in shipping in any way possible and each case will be treated on an individual basis.
